Oh the joy of bringing happiness at Christmas,  
Oh the joy of bringing happiness to family and friends,

On Christmas Day or Christmas Eve  
Oh the joy of bringing happiness at Christmas,

## **Song No 5 - Growing Old Disgracefully**

### **Verse 1**

We know that we're not young any more,  
Not even middle aged (whatever that means!)  
We know that we're not young any more,  
But we refuse to leave the stage:

### **Chorus 1.**

We're growing old disgracefully  
So we're rockin' and we're rollin'  
And we're doin' our thing!  
We're growing old disgracefully  
So we're rockin' and we're rollin'  
And we're havin' a sing  
We're growing old disgracefully  
Though it stretches all our muscles quite painfully!  
We're growing old disgracefully  
And nobody will stop us living life with a zing!

### **Verse 2**

We know that we've got grandchildren now:  
We give them lots of sweets (not that we ought to!)  
We fall asleep when watching TV,  
And we dribble through false teeth.

### **Chorus 2**

We're growing old disgracefully  
So we're rockin' and we're rollin'  
And we're doin' our thing!  
We're growing old disgracefully  
So we're rockin' and we're rollin'

And we're havin' a sing  
We're growing old disgracefully  
Though it make our knees and ankles ache painfully!  
We're growing old disgracefully  
And nobody will stop us living life with a zing!

### ***Instrumental Break***

### **Verse 3**

Though stereotypes are all very nice,  
There's one we can't accept (not even slightly!)  
When young folk say old age is no fun,  
It is a statement we reject:

### **Chorus 3**

We're growing old disgracefully  
So we're rockin' and we're rollin'  
And we're doin' our thing!  
We're growing old disgracefully  
So we're rockin' and we're rollin'  
And we're havin' a sing  
We're growing old disgracefully  
Though it hurts our bones and ligaments painfully!  
We're growing old disgracefully  
And nobody will stop us living life with a zing!

## **Song No 6 - It's Sad**

### **Chorus**

It's sad when something good is over;  
It's sad when something good is ended;  
It's sad when things which bring happiness and joy  
Are broken and can't be repaired or mended;  
It's sad when something good is over;  
It's sad when something beautiful is gone.

### **Verse**

Sadly we sing of our sorrow;  
All will be different tomorrow;  
We wish there was something that we could do,  
We so want to find out that this is not true,

### **Chorus**

It's sad when something good is over;  
It's sad when something good is ended;  
It's sad when things which bring happiness and joy  
Are broken and can't be repaired or mended;  
It's sad when something good is over;  
It's sad when something beautiful is gone.  
It's sad when something beautiful is gone.  
It's sad when something beautiful is gone.
