

GUITAR & UKULELE SPACES!

Music lessons with Alex Butler and RBMS

FREE first lesson

We believe every child should have the chance try their hand at any instrument. Why not send your child along to one of our fun free sessions with instruments provided - who knows they may be the next Jimi Hendrix!

Lessons the way they want them

Music lessons should be fun and inspiring, we don't believe in teaching with the 'same lesson for all' approach. We are constantly looking for newest and most exciting songs to learn, our lesson material comes from the students - we teach what they need to learn in the songs they want to learn.

Great practice tools

We understand practicing can be hard, thats why we have built some great tools to help! We offer free practice books and give away prizes such as; guitar picks, stickers and badges to those who achieve their targets!

Don't miss them!

Guitar and ukulele have long been two of the U.K.s most popular instruments within schools and clubs. They are cheap, easy, portable, simple and most importantly fun!

In RBMS lessons we look at fun modern songs and quickly learn how to play in groups. Along the way we integrate with other RBMS tutors who bring in an exciting collection of instruments to test out and play along with. We have a limited number of spaces available for each instrument so please don't hesitate to get in touch!

For those who may want an easier start the Ukulele can be a great place to look! We offer after school and in school options. Guitar lessons are held on Thursday afternoons within school time, ukulele is Thursdays after school from 3.05 - 4.05 (60 minutes.)

There are a number of payment systems available to help bring affordable and quality tuition to as many people as possible:

BOOK A FREE LESSON: www.rbmsmusic.com/join

Method of payment	Guitar 30 Minutes	Ukulele 30 Minutes	Ukulele 1hr after school
