Dear Parents and Carers,

As adults, we know that once we leave education, our academic qualifications are really significant in securing good employment opportunities. At the same time, those so called 'soft skills' like the ability to communicate ideas, being able to work effectively in a team and to think creatively are vital to our success. Here at Framfield, we try to plan opportunities to develop these skills and secure confidence in our pupils.

Lions Roar

Eagles class have been preparing for the Lions Roar final which takes place at Wakehurst Place. In groups, pupils had to design a product that would make a positive contribution to the world. They then prepared and delivered a presentation to 'pitch' their idea. The class showed great creativity and a real awareness of current issues such as global warming and pollution of the oceans. Mrs Tsapparelli prepared a scoring criteria which was used to decide which group would go through to the final. The 'Eat' group made up of Poppy Tyler, Archie Bradford, Kayleigh Wickham and Jude Wickens were selected to present their concept which supports people with allergies. We wish them every success at the finals, I know they will 'be the best that they can be' and make us proud.

Class Assemblies

Over the last two weeks, each class has presented their learning to parents in their class assemblies. Once again, this is a great opportunity for each child to learn how to communicate to a large audience, presenting their ideas effectively. There is always great excitement as the children get ready but it also allows them to reflect upon and consolidate their learning from the term. Thank you to all families who were able to attend.

Takeover Day

I have already received some applications from pupils who would like to take over a role next Friday. Don't forget that the letters have to show the best that your child can achieve and they need to be given to me or their class teacher by Monday morning at 10 a.m.

Kind regards

Lisa Pestell
