# **Equality Policy**

**(Including Equalities Objectives and Accessibility Plan)**

*In our Church of England Federation, we take strength in collaboration, yet celebrate uniqueness. As schools, we may be small, but together we develop children ready to make their mark on the world. We welcome the child yet embrace the whole family. We celebrate our rural environment yet aspire to look beyond our boundaries. We strive for knowledge and gratefully accept opportunities that come our way. We all take a pride in our Federation as we follow in Jesus's example.*

## **Introduction**

St Thomas à Becket Church of England Federation (which is referred to as the Federation in the rest of this document) welcome its duties under the Equality Act 2010 as both a provider of education and as an employer.

We believe that if all in our Federation community have a sense of wellbeing and are able to value themselves and others as made in the image of God and show respect for all, then they will be enabled to live life in all its fullness and “Be the best they can be”.

## **Why we have developed this Equality Policy**

This Equality Policy for our Federation is a single Policy for all protected characteristics covered under the Equality Act 2010. We are committed to developing cohesive communities both within our Federation’s physical boundaries and within our local, national and global environments. Our Federation embraces the aim of working together with others to improve children’s educational and wellbeing outcomes, and notes the rights set out in the UN Convention on the Rights of the Child.

In conjunction with the Federation’s Equality Policy are our Equalities Objectives and Accessibility Plan which are attached to this Policy as Appendix One and Two respectively.

Our Equality Policy is inclusive of our whole Federation community – pupils, members of staff, parents/carers, visitors and partner agencies - who we have engaged with and who have been actively involved in and contributed to its development.

The purpose of this Policy is to set out how our practice and policies have due regard to the need to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity, and
- foster good relations between groups.

It explains how we will listen to and involve pupils, members of staff, parents/carers and the community in achieving better outcomes for our pupils.

## **Our Federation within the wider context**

The national demographic presents an ever-changing picture in terms of age, race and ethnicity, disability, religion and belief, sexual orientation, gender assignment and social deprivation.

Vast majority Christian faith or of no faith.	

### **Overall aims of our Equality Policy**

- To eliminate discrimination, harassment and victimisation.
- To promote equality of access and opportunity within our Federation and within our wider community.
- To promote positive attitudes to difference and good relationships between people with different backgrounds, genders, sexual orientation, cultures, faiths, abilities and ethnic origins.

To ensure that equality and inclusive practice are embedded across all aspects of school life the Equality Policy refers to the UN Convention on the Rights of the Child, which includes recognition of a range of educational, wellbeing, and material outcomes<sup>1</sup>.

### **Our Approach**

We seek to embed equality of access, opportunity and outcome for all members of our Federation community, within all aspects of school life.

### **Our Vision Statement about Equality**

The Federation seeks to foster warm, welcoming and respectful environments, which allow us to question and challenge discrimination and inequality, resolve conflicts peacefully and work and learn free from harassment and violence.

<sup>1</sup> <http://www.unicef.org/crc/>

We recognise that there are similarities and differences between individuals and groups but we will strive to ensure that our differences do not become barriers to participation, access and learning and to create inclusive processes and practices, where the varying needs of individuals and groups are identified and met. We therefore cannot achieve equality for all by treating everyone the same.

We will build on our similarities and seek enrichment from our differences and so promote understanding and learning between and towards others to create cohesive communities.

## **Our Duties**

We recognise and accept our equality duties as set out in the Equality Act 2010 and have sought to involve the whole Federation community in the process of developing this policy in order to ensure better outcomes for all. We have due regard to the need to ensure that persons with a protected characteristic are not disproportionately, negatively impacted as a result of our decision or policy making. We positively foster good relations between and within different groups of pupils and the wider Federation community.

We are also guided by the United Nations Convention on the Rights of the Child<sup>2</sup> as well as recognising and accepting our duty to have due regard to the need to prevent people from being drawn into terrorism (The Prevent Duty 2015) and promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

**We will ensure we identify opportunities for promoting our vision, the key concepts and our duties on equality legislation across all aspects of school life.**

**These opportunities are likely to include all or some of the following, dependent on our current priorities.**

- the engagement, participation and involvement of a broad and diverse range of pupils, their parents and partner agencies
- preparation for entry to a school within the Federation
- Federation policies
- breaks and lunchtimes
- the provision of school meals
- interaction with peers
- opportunities for assessment and accreditation
- exam/assessment arrangements
- behaviour management approach and sanctions
- exclusion procedures
- school clubs, activities and school trips
- the Federation's arrangements for working with other agencies
- preparation of pupils for the next phase of education

- learning and teaching and the planned curriculum
- classroom organisation
- timetabling
- grouping of pupils
- homework
- access to Federation facilities
- activities to enrich the curriculum, for example, a visitor to the school or Theatre in Education (TIE).
- school sports
- employees' and members of staff welfare

### **The Roles and Responsibilities within our Federation Community**

Our Federation Headteachers will:

- ensure that members of staff, parents/carers, pupils and visitors and contractors are engaged in the development of and review of the Equality Policy.
- oversee the effective implementation of the policy, including communicating with members of staff, parent/carers, pupils and visitors and contractors about this policy
- ensure members of staff have access to training which helps to implement the policy.
- develop partnerships with external agencies regarding the policy so that the Federation's actions are in line with the best advice available.
- monitor the policy and report to the Governing Body at least annually on the effectiveness of the policy and publish this information.
- ensure that the Senior Leadership Team is kept up to date with any development affecting the policy or actions arising from it.

Our Governing Body will:

- designate a Governor with specific responsibility for the Equality Policy - Inclusion Governor.
- ensure that the objectives arising from the policy are part of the Federation's School Improvement Plans.
- support our Federation Headteachers in implementing any actions necessary.
- engage with parents, carers and partner agencies about the policy.
- evaluate and review the policy annually and the objectives and plan every four years.

Our Senior Leadership Team will:

- have responsibility for supporting other members of staff in implementing this policy.
- provide a lead in the dissemination of information relating to the policy.
- with their Headteacher, provide advice/support in dealing with any incidents/issues.
- assist in implementing reviews of this policy as detailed in the Federation's School Improvement Plans.

Our Federation members of staff will:

- be involved in the development and review of the policy.
- be fully aware of the Equality Policy and how it relates to them.
- understand that this is a whole Federation issue and support the Equality Policy.
- make known any queries or training requirements.

Our pupils will:

- be involved in the development and review of the policy and will understand how it relates to them, appropriate to age and ability.
- be encouraged to actively support the policy.

Our parents/carers will:

- be given accessible opportunities to become involved in the development of the policy.
- have access to the policy through a range of different media appropriate to their requirements.
- be encouraged to actively support the policy.
- be encouraged to attend any relevant meetings and activities related to the policy.
- be informed of any incident related to this policy which could directly affect their child.

Relevant voluntary or community groups and partner agencies will:

- be involved in the development and review of the policy.
- be encouraged to support the policy.
- be encouraged to attend any relevant meetings and activities related to the policy.

### **How we developed our Policy - Participation and Involvement**

The development of this policy has involved the whole of our Federation community. We've involved and listened to what they have to say, including people from broad and diverse backgrounds and of different abilities, taking account of all the protected characteristics listed under the Equality Act 2010.

- Our Pupils, through our School Councils and pupil voice.
- Our Members of Staff, through our regular staffing meetings and the development of the Federation's Personal, Social, Health and Economic (PSHE) curriculum.
- Our Federation Governors, through regular Governor Meetings, Governor input in the development of the Federation's School Improvement Plans, Governor visits.
- Parents/Carers, through annual questionnaires, individual meetings facilitated by the Special Educational Needs Co-ordinator (SENCO), schools within the Federation websites, regular newsletters enabling feedback.

- Minority, Marginalised and Potentially Vulnerable Groups, through individual pupil voice meetings.
- Our Partners in the Community, through working with outside agencies e.g. the Parish Church and Christian Groups, and specific Governor activities.
- Ongoing: the Federation will continue to work with all stakeholders in addition to annually reviewing and developing associated action plans.

### **How we developed our Policy - Using information**

We have used data and other information about our schools.

Through engagement activities the Federation undertakes regular reviews of for example the Accessibility Plan and holds Pupil Progress Meetings, therefore the Federation believes that its major stakeholders are satisfied with the policies and practices that it has in place.

The Federation fully utilises the knowledge that it gains from the data that is regularly collect about ourselves in a variety of ways and other people help us to do this also. The types of data that the Federation collects includes: academic progress reporting, progress of pupils in receipt of either Pupil Premium Grant or Free School Meals, progress of SEN pupils, behavioural and child protection data. From this data the strategies and policies that have been development have had a positive impact on both the Federation and its pupils.

We collect a range of information relating to incidents of harassment and bullying including those relating to racism, homophobia, transphobia, biphobia, faith, disability and gender.

OfSTED inspectors visit us regularly and report on how we are actively promoting equality and diversity, tackling bullying and discrimination and narrowing any gaps in achievement between different groups of children and learners, as well as how we are promoting British Values and preventing radicalisation and extremism, preparing pupils to respect others and contribute to wider society and life in Britain.

The local context and needs of our pupils and members of staff forms our focus of our Federation's School Improvement Plans for our schools these plans highlight all vulnerable groups.

We also value more qualitative information which may be given to us through for example our pupil voice mechanisms, less formally or even anonymously. In addition, the feedback from annual surveys of pupils, parents/carers and members of staff we are able to assess the engagement with and effectiveness of our strategies and policies.

The Local Authority provides us with a range of services which support the equality agenda and helps us to identify our strengths and those areas requiring action.

Through meetings, Continuous Professional Development (CPD) and referrals the Federation has established good links with our local and our wider community which includes; Sussex Police, Behaviour & Attendance Service, Children's Centres and

our Health Partners. We welcome them into our schools. From them, we learn about equality issues outside school and can establish mechanisms for addressing them within school.

By listening to those within our community and to our partners, we are able to identify new areas of work, improve existing approaches and focus our energy where it is required.

### **Commissioned Services (buying in services)**

Increasingly we are directly responsible for the purchase of goods and services. We work closely with the local authority on procurement – buying in services - to ensure that equality issues are given full regard. When buying goods and services from external suppliers, we ask the following questions to help ensure that equality issues and duties are taken into account:

- Could the proposed procurement affect the duty to eliminate discrimination and harassment and to promote equality of opportunity amongst the Federation community?
- If so, is there a need to include some equality requirement within the contract and what would this be?

We ensure that contract conditions require contractors to comply with the relevant legislation and with our Equality Policy and we require similar compliance by any sub-contractors.

### **Our Members of Staff**

We comply fully with legislation which protects our members of staff (including teachers, teaching assistants, financial, administrative, maintenance and student teachers) from discrimination based on the protected characteristics. With regard to disability, we make such reasonable adjustments as are necessary to prevent a disabled person being at a substantial disadvantage in comparison with people who are not disabled.

This includes discrimination in relation to recruitment, terms and conditions, promotions, transfers, dismissals, training and employment practices (such as dress codes) and disciplinary procedures. We make efforts to ensure that the diversity of our workforce reflects that of our local community and wider society. In accordance with the Equality Act we do not enquire about the health of an applicant until a job offer has been made<sup>3</sup> or require job applicants to complete a generic 'all encompassing' health questionnaire as part of the application procedure.

---

<sup>3</sup> Unless the questions are specifically related to an intrinsic function of the work - for example ensuring that applicants for a PE teaching post have the physical capability to carry out the duties.

We will ensure the safety and well-being of our members of staff and take seriously and act on incidents of harassment and discrimination recognising that our members of staff may be either victims or perpetrators.

We interpret our duties positively; take the necessary actions to remove barriers to inclusion and work hard to ensure a safe, positive and inclusive environment, which is demonstrated within the Federation's Accessibility Plan.

Members of staff have undertaken training to help them understand their equality duties/and or the differing needs of protected groups within our Federation community.

We have mechanisms in place to identify areas for development through a robust CPD system which reviews individual development needs.

### **Responding to hate or prejudice-based incidents and bullying**

We recognise that hate incidents or prejudice – based bullying behaviour is driven by negative assumptions, stereotypes or misinformation. These are then directed against an individual or group, based on difference (real or perceived), and linked to, for example, racism, sexism, homophobia, transphobia, biphobia, negative views of disabled people or people who practice a religion or follow a faith. We will take action to prevent, challenge and eliminate any such behaviour.

We recognise that we as individuals and society often struggle with difference of any kind (perceived or actual), which can result in seizing upon the most visible sign of difference e.g. skin colour or disability.

Through our Federation's ethos and curriculum, we want our pupils to understand better the diversity that exists in society. We want to provide opportunities for them to explore the subtleties and complexities in order to prevent and respond to incidents and situations. We will address the experience, understanding and needs of the victim, the perpetrator, bystanders and the wider Federation community through our actions and responses.

We will record all hate incidents and prejudice based bullying. We will use this information to identify trends and patterns, so that we have approaches in place to provide appropriate responses in terms of support for victims and their families, sanctions and support for perpetrators and their families and education for our pupils and communities.

The Federation has adopted Relationships and Behaviour Policies and an Anti-Bullying Policy which are available either online on the Federation Schools websites or through their School Offices. Pupils within the Federation are supported through internal school strategies including nurture groups and provisions made by Education Support, Behaviour and Attendance Service (ESBAS). The Federation reports all reportable incidents to the Local Authority in line with their data capture requirements and communicates both verbally and in writing as necessary with parents and carers.

## **Implementation, Monitoring and Review**

It will be the responsibility of our Federation Headteachers to actively promote and disseminate this policy. Our Federation Headteachers will continue to work with all stakeholders to ensure their involvement.

Implementation, monitoring and review are the responsibility of our Senior Leadership Team and our Governors who have agreed and published this policy which sets out our priorities and supports these with specific and measurable objectives.

We will report annually on the policy and equality data and analyse whether our policy and related objectives have furthered the aims of the general equality duty and in particular educational outcomes for all within our Federation community with reference to the protected groups.

### Equality Policy

This policy will be reviewed as it is deemed appropriate, but no less frequently than annually. The policy review will be undertaken by the Federation's Headteachers and the Governing Body's Policies Working Party including the involvement of the dedicated Inclusion Governor and SEN Co-ordinator.

### Equality Objectives and Accessibility Plan

Using the views of pupils, parents, members of staff and community and analysis of the information as outlined above we have set ourselves specific and measurable objectives that will help us achieve the aims of the general equality duty. These will be published as our Equality Objectives every four years and our Accessibility Plan every three years.

## Appendix One

### Equality Objectives 2019 - 2023

At our Federation the teaching and learning, achievements, attitudes and wellbeing of every child matter.

We work hard to provide a broad and balanced curriculum providing relevant and challenging learning for all children.

It follows the three principles set out in the National Curriculum Statutory Inclusion statement (2000):

- Setting of suitable learning challenges
- Responding to pupils' diverse learning needs
- Overcoming potential barriers to learning and assessment for individuals and groups of pupils.

We interpret our duties positively; we take the necessary actions to remove barriers to inclusion and work hard to ensure a safe, positive and inclusive environment that enables full curriculum access and values and includes all pupils, staff, parents and visitors.

We recognise that there are similarities and differences between individuals and groups, but we strive to ensure that our differences do not become barriers to participation, access and learning. We strive to create inclusive processes and practices, where the varying needs of individuals and groups are identified and met.

We cannot achieve equality for all by treating everyone the same.

We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

We have chosen the following Equality Objectives:

The promotion of spiritual, moral, social and cultural development through all appropriate curricular opportunities, with particular reference to issues of equality and diversity

Continual monitoring and consideration of how well the school ensures equality of opportunities for all its pupils

Our intentions for the coming school years is to continue to focus on:

- Children respecting and understanding others, valuing diversity while also appreciating our shared values
- Making sure that we offer equality of opportunity across our school community, making sure that no one is overlooked.

- Exploring inequality that exists in our society and encouraging children to play a part in promoting a more equitable society.

Our success in meeting these objectives is reviewed at least annually by the School's leadership team and governing body.

The Accessibility Plan is structured to complement and support the school's Equality Objectives and is focused on the 3 key areas.

- Improving access to the physical environment of the school and physical aids to access education within a reasonable timeframe
- Improving access to the curriculum for pupils with a disability to ensure that they are as equally prepared for life as are pupils who are not disabled (if a school fails to do this, they are in breach of duties under the Equality Act 2010). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist equipment which may assist these pupils in accessing the curriculum within a reasonable timeframe.
- Improving the delivery of written information; examples might include information about school and school events. The information should be made available in various preferred formats within a reasonable timeframe.

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Learning and Teaching Policy
- Staff Development Plan
- Health and Safety Policy (including off-site safety)
- Special Educational Needs Policy
- SEN Information Report
- School Development Plan
- School Prospectus/Vision Statement

The Accessibility Plan will be monitored by the Governing Body.
