

## Safeguarding Statement

All the governors and staff at Framfield Primary School are committed to safeguarding and promoting the welfare of children and expect all staff, volunteers and other members of the school community, to share this commitment We ensure that consistent effective safeguarding procedures are in place to support families, children and staff at school. All concerns are passed through the members of staff who are trained as Designated Child Protection Officers in school.

We aim to:

- Provide a safe environment for them to learn
- Identify children who are suffering or likely to suffer significant harm and taking appropriate action, with the aim of making sure that they are kept safe both at home and in the education setting.

To achieve this objective, we:

- Aim to prevent unsuitable people from working with the children
- Promote safe practice and challenge any poor or unsafe practice
- Identify instances where there are grounds for concern about a child's welfare and initiate or take appropriate action to keep them safe
- Contribute to effective partnership working between all those involved in providing services for our children. (sometimes we may need to share information and work in partnership with other agencies when there are concerns about a child's welfare. We will ensure that our concerns about our pupils are discussed with his/her parents/carers first unless we have reason to believe that such a move would be contrary to the child's welfare.)
